General Information

- Please add the *initial of your first name* and *your surname* + "_" in the beginning of each file name. For example, if your name is John Smith, a file *int_1a_1-01.dat* should be *jsmith_int_1a_1-01.dat*

- Please archive all of your figure files and integral data files for all cases into one zipped file. The file name should be *your first name initial* and *your surname* + ".zip". For example, if your name is John Smith, the file name is *jsmith.zip* .

- The archived file should be uploaded to the FTP server of FORCE via FTP. User account name and password are required to login the server. Please contact the organizer (technical@simman2007.dk) to obtain these informations.

Integral variables

File name	int_1b_2.dat
Style	plain text

The data should be written as following format:

X' = *value*
Y' = *value*
N' = *value*
R'x = *value*
R'y = *value*

Usn of X' = *value*
Uv of X'= *value*
E of X' = *value*

Usn of Y' = *value*
Uv of Y'= *value*
E of Y' = *value*

Usn of N' = *value*
Uv of N'= *value*
E of N' = *value*

Usn of T'x = *value*
Uv of T'x= *value*
E of T'x = *value*

Usn of R'x = *value*
Uv of R'x= *value*
E of R'x = *value*

Usn of R'y = *value*
Uv of R'y= *value*
E of R'y = *value*
